APPLY WORKPLACE SAFETY AND HEALTH IN CONSTRUCTION SITES (ACS)

LEGAL REQUIREMENT

WSQ “Apply Workplace Safety and Health in Construction Sites” is a mandatory WSH training course for all workers working in the construction. Construction workers are required to go through the course before they start work. The Workplace Safety and Health (Factories, Safety Training Courses order – clause 2 (6)) stipulates “Any worker employed in manual labour to carry out construction work in building and engineering construction worksites must undergo a safety and health training course approved by the Commissioner for Workplace Safety and Health”.

FOR WHOM

The “Apply Workplace Safety and Health in Construction Sites” is a mandatory WSH training course for all workers working in construction sites.

COURSE OVERVIEW

- To equip all personnel with the relevant safety competencies to work in the Process and related industries;
- To reduce the gestation period before the worker can start working by harmonizing the regulatory requirements with the industry endorsed WSQ training; and
- To provide clear progression pathway and address the necessary skills required to move up to the next level of responsibility

COURSE CONTENT

- Identify own roles and responsibilities as an employee in a construction job
- Follow safe work procedures in a construction job
- Follow safe “Work-at-Height” procedures
- Respond to fire emergencies

ASSUMED ATTITUDE, SKILLS AND KNOWLEDGE / ENTRY REQUIREMENT

- Have employment status as manual labour to carry out construction work in building and engineering construction worksites & be medically fit & above 18 years.
- Participant must be able to read, write, speak and to manipulate numbers at a proficiency level equivalent to Employability Skills (ES) level 2 (The language in which the course is conducted).
- Students are expected to bring their own safety shoes for the second day of the course.

COURSE DURATION

- For 5 pax 18 hours (2days) including 2 hours of assessment
- For 20 pax 20 hours (2days) including 4 hours of assessment

MEDIUM OF INSTRUCTION

English , Tamil, Bengali, Mandarin, Malay, Hindi, Burmese & Thai.

TEACHING METHODOLOGY

Face to face class room teaching for all languages.

• The following blended learning methods are applied to maximize the learning outcome for course conducted in English:
